DESCRIPTION

The Square Hifi is suitable for both hifi audiophiles and hometheater systems. The 19 mm tempered glass shelves associated with brushed aluminium columns give the Square Hifi slight and contemporary aesthetic, very easy to integrate into all types of interiors. Its square architecture with decoupling spikes on each shelf explains the unshakable stability of this furniture. All elements are independent of each other, and allow you to change and compose your furniture as you wish. Its highly adaptable and robust design allow it to accommodate impressive devices such as turntables, home theater amplifier.
